

# FATHER'S DAY

On Dad's special day, show him how much you care with Bridge Brands Chocolate's new **Father's Day Tins**. Because Dad loves chocolate just as much as anyone (even if he won't admit it!)

These quirky tins will be keepsakes for Dad long after the delicious gourmet chocolate drops inside have all been eaten. A perfect place to store golf tees, screws and washers, fishing tackle, or just loose change, Dad will be reminded of how much you care every time he opens up these specially designed tins.

**Available in Milk and Dark Chocolate Drops.**
