

# VALENTINE'S DAY

Nothing goes hand-in-hand with true love quite like chocolate. Chocolate evokes the warm feeling of love from the pure pleasure of its consumption, as well as triggering the production of the feel-good chemical serotonin in the brain. And for generations, gifting "sweets for my sweet" has been a longstanding tradition on **Valentine's Day**, and a true expression of affection.

Now Bridge Brands Chocolate offers our delicious chocolate drops in specially designed Valentine's Day tins. These beautiful tins evoke the warm, romantic tones of traditional Valentines with an elegantly modern feel.

Perfect for gifting, our **Valentine's Day Tins** – packaged in 8-tin counter displays and 3-tin gift sets – are available in **White, Milk and Dark Chocolate Drops**.
