

CHOCOLATEBYNumbers®

We've made it simple for you to get your chocolate fix. Need some chocolate, but don't want the commitment of an entire bar? Want some sweetness without any fuss? Just follow the numbers and you'll get what you want!

We've got **Milk**, **Dark** and even **White Chocolate** conveniently packaged in one-ounce boxes. What's more is these are bite-sized discs, perfect for nibbling. These boxes are ideal for your purse or stashing in your backpack.

Wondering what the percentages mean? It's simple. The higher the percentage of cocoa in the chocolate, the less sugar, milk or other ingredients are in there! So the higher you go, the more true cocoa you get!

Put these boxes on your counter and watch them fly out the door! Our small **Chocolate by Numbers** boxes are the perfect impulse buy for your customers. Compact, affordable and just the right amount of chocolate – any way you add it up, **Chocolate by Numbers** is the right answer for your chocolate needs!

These contemporary little boxes hold one ounce of our premium gourmet chocolate.

31% - Creamy Chocolate
